Blekinge is maxed out with great golfing experiences. Dotted along the coast are no less than 8 golf courses within a 120 km radius, hence calling it Sweden's Golf Coast is no exaggeration. It's the perfect place to adapt your game to different challenges like wind, weather, and the various characteristics of the golf courses. The short distance means you can maximize your playing time, try out several courses, and still have time to return to your favorite course for one more round.

## Hanö An enchanting island

The island of Hanö outside Listerlandet is surrounded by enchanting legends, like the "mark of the dragon": When Hanö lighthouse was lit up for the first time, the dragon was blinded and crashed into the rock-face below. In addition to legends, Hanö offers amazing real life experiences. Such as the stone reef 'Bönsäcken' that consists of millions of water-polished stones, continuously moving and changing form with the storms, of huge boulders, grottos, grass fields and forests as well as flat rocks that are perfect for sunbathing and swimming. Hanö has a restaurant, a museum, accommodation, and an amazing guest harbour.
